

QM ENVIRONMENTAL RANKED AMONG TOP 40 CANADIAN CONTRACTORS BY ON-SITE MAGAZINE

Mississauga, Ontario (June 26, 2017) – QM Environmental ("QM"), a leading Canadian environmental and industrial services company, is pleased to announce that it has been ranked among On-Site Magazine's Top 40 Canadian Contractors, a research project dedicated to determining the leading construction contractors in Canada, ranked by revenue.

This is QM's first year on the list. Company leadership says the ranking directly relates to its philosophy of performing precision workmanship, adhering to the highest safety standards and being a reliable service provider for clients.

"We are proud to be acknowledged on the most recognized list of top Canadian contractors," said Adrian Montgomery, QM's CEO. "Our impressive ranking reflects not only the hard work and dedication of our entire team, but more importantly, the consistent quality that our company delivers with the projects we undertake."

QM's growth over the past few years is attributed to its focused plan that has expanded its national presence and its ability to successfully execute challenging projects, on time and on budget.
